On Interesting Story for All Ladies.

To those ladies who have heretofore bought their dresses from us it is only necessary to say our assortment for the fall and winter, which is now ready, is much, very much larger than ever before, and if because of our low prices for stylish goods they bought before they have more reason to buy now. But to those ladies who are in the habit of buying Dress Goods at other stores we extend a special invitation to come and look. It may be it is too early for you to buy, nevertheless we know if you will look now it will finally result in your buying from us, for we have everything in our favor. Extreme styles, moderate styles, low-priced, medium-priced, high-priced fabrics. No extra charge for styles, and particular attention to the selection of proper shades. Our system of selling everything at a small uniform profit means a saving of many cents on each yard, thus allowing you to buy a much handsomer dress than the same money would buy at any other store. Here are some descriptions that explain what a wide range of prices our assortment comprises:
